FOSTER DENOVO WINS BEST AUTO-ENROLMENT SOLUTION
-National advisory group scoops top place at the 2015
Money Marketing Awards-

Foster Denovo Limited, www.fosterdenovo.com, the national firm of financial advisers, has won 'Best Auto-Enrolment Solution' at the 2015 Money Marketing Awards.

The company beat some stiff competition to win the prize, which was awarded on Thursday 18th June at Old Billingsgate, London. Entries were judged by a panel of judges, all of whom work in the financial advisory sector.

Through its employee benefits division, Second sight, Foster Denovo has specialised in automatic enrolment since the legislation was announced in 2008, and has supported many companies with more than 205 auto-enrolment projects. It is through this learning and experience that Foster Denovo went on to develop Enrolsme (www.enrolsme.com) offered through its Appointed Representative firm, Foster Denovo Enrolsme Ltd. It is a simple, non-advised, online automatic enrolment solution, designed specifically for small businesses and charities.

Helen Lovett, Chief Operating Officer at Foster Denovo, said: "We're delighted to have won another Money Marketing award, and also that the judges have recognised our achievements in the field of automatic enrolment.

"Our dedicated teams have vast amounts of experience, and have been running automatic enrolment seminars, managing projects and advising firms since early 2012.

"Appreciating the fact that a vast number of small businesses will need to comply before 2018, we saw the opportunity to utilise our knowledge to support these organisations in meeting their automatic enrolment duties.

"Enrolsme is a simple and cost-effective service, which can help small businesses and other organisations to comply in less than a day, and we're working with well respected and established brands such as Standard Life and The People's Pension. The solution is really gaining traction, and proving popular with companies across a range of sectors."

Comments from Money Marketing stated that: "The entries in the fledgling category were hugely diverse but corporate advice firm Foster Denovo's offering – which caters for the needs employers of varying sizes and with a range of budgets – was a clear winner. One judge described the proposition as "the complete package", while another was impressed by the firm's analytical approach and well thought out business plan.
